

Thank you for inquiring about our company.

To follow please find our **Full Service Catering Menus** with pricing. Please note these are only suggestions. Feel free to mix and match to come up with ideas of your own, and we will be happy to put together a custom proposal.

Typically, our crews arrive 3 hours before serve time, (6 hours for Pig Roasts) and serve (buffet style) for up to 3 hours. The food is cooked on site and our packages include disposable paper goods, condiments, covered/skirted buffet tables, trash cans, and trash removal. We leave you all of the leftovers; nobody goes home hungry! If your event requires additional services, we will be able to quote you an additional labor charge once we know all the specifics.

We also offer **Deliveries with Service**, a hybrid of our Full Service Catering and Pick Up/Delivery options. We staff the event to help set up, serve and clean up (just like Full Service catering), and the food is delivered hot, (as with our delivery option). With fewer staff members required to cook and coordinate, we are able to pass along the savings to our customers. If you are interested in seeing what your event might look like as a Delivery with Service, just let us know.

For more formal events, we offer various tableware packages which are located in the Reinforcements section of these menus.

We are comfortable handling food allergies and dietary restrictions. Just let us know if anyone in your party needs a separate meal or how we can help.

If you would like references or additional information, feel free to contact us.

Sincerely,

Brian & Mickey Doherty

P.S. This is a first for us. With extreme market fluctuation, we may be forced to pass along market price.
